

Sweden

Discover the land of Ikea and Abba! Sweden is a modern, relaxed country in the north of Europe. It is a fantastic destination for exchange students. Here you will find big cities, small towns, wooded landscapes, endless expanses and lots of water. The Nordic weather guarantees sun in summer and snow in winter. Sweden is known for its many ideas such as Ikea furniture, its world-famous music such as that of Abba, and its famous people such as Alfred Nobel, the founder of the Nobel Prize. Immerse yourself in the culture, celebrate Kanelbullens dag (Cinnamon Roll Day) and „Midsummer“. Experience snowy winters and with a bit of luck you can spot a moose.
